On December 17, 2017 the Page Trucking family was struck with disaster when a fire tore through its Weedsport Corporate facility. A family with strong roots and experience in the trucking and logistics industry they were determined to rebuild and come out stronger.

Page Trucking is looking to not just rebuild the existing damaged facility which was roughly 37,000 SF but to build to accommodate their already experienced growth of over 20% in the past 12 months and anticipated growth over the next 5-10 years. The new 46,500 SF facility will be built through the acquisition of two adjacent properties consisting of 2 acres at 2802 Trombley Road and an additional 2 acres at 2810 Trombley Road; these added acres will provide Page Trucking the ability to replace the damaged building and expand the office, warehouse and garage as well as open 2 acres already owned by Page Trucking that has been inaccessible due to being land locked between parcels they didn't own, giving them an added 6 acres of usage.

The new facility will consist of approximately 13,000 SF office, almost double the size of the original, 20,000 SF for the shop, 6,000 SF for the garage; 6,000 SF driver training facility and driver comfort center for a total of renovated and new construction of 46,500 SF.

The new facility will include a substantial increase to their paved yard, parking will be increased to 12.5 acres from the current 4 acres; additionally, exposure to the thruway will be tripled!

Construction is scheduled to begin summer of 2018 and will take approximately 12 months.

The cost of construction including site work, utilities, paving, new construction and renovation is \$8,575,598 with additional soft costs of roughly \$330,000, an additional \$50,000 will be spent on furniture and fixtures; \$374,000 on new machinery and equipment as well as \$500,000 for land acquisition for a total project cost of \$9,444,555.29.

A total of 52 employees in the next 3 years and 74 employees will be added over the next 5 years including drivers, onsite management and personnel, office dispatch, mid-level management, mechanics, night foreman, 2nd controllers, assistance controller, and a budget analyst.

Page Trucking goes to market as Page Transportation, Page E.T.C.(Environmental Trucking Company), Page M.T.C.(Molten Trucking Company) and PMM (Page Material Management), all of which are wholly owned subsidiaries of Keith Titus Corp. PROJECT MONITORING POLICY

Cayuga County Industrial Development Agency

Adopted: November 17, 2015; Amended: June 21, 2016

The Cayuga County Industrial Development Agency (CCIDA) will adopt the following steps and procedures for the purpose of monitoring the results of PILOT and other tax abatement program(s) that are established with companies. The required steps are as follows:

- 1) Adoption of a PILOT agreement; of which in it there are goals set forth and agreed upon by both CCIDA and the company (“Project Goals”). Project Goals may include, but are not limited to, level of investment, job creation/retention (including salary ranges for new and retained positions), and sales tax generation goals. Goals will be determined on a case by case basis.
- 2) CCIDA will ask the company to document the number of employees and company payroll, as well as baseline data for any additional Project Goals, at the time the project is induced. Project costs will be verified during the time of the project start-up and then as soon after project completion as feasible. Verification will consist of a certification by the companies’ accountant or engineer of the cost(s) of the project. The company will also be asked to provide a copy of their annual financial report/audit to CCIDA at the close of the fiscal year(s) during which the project took place.
- 3) Annually, CCIDA will ask the company to document the number of retained and/or created jobs and their salaries, as well as sales tax generation for retail and tourism projects. The attached form, which is subject to revision from time to time, will be used for this purpose. CCIDA’s Acting Treasurer will be responsible for distributing the form to companies with PILOTs or other tax abatement programs no later than December 31st. All new PILOT agreements created after the effective date of this policy will include a reporting clause that will require the companies to return this form by January 31st or risk default. CCIDA may also request a copy of the company’s NYS-45 with all individual identifying information redacted in order to verify reported employment levels.
- 4) A member of CCIDA’s staff or board, or a representative of the Cayuga Economic Development Agency (CEDA) on behalf of CCIDA, will conduct an annual site visit to each company with a PILOT agreement to see how the company is doing and the status of any improvements and progress toward achieving the Project Goals. The site visit will also allow the CCIDA or CEDA representative to observe any new construction, discuss financial operation and performance shortfalls (if any), and to obtain a visual representation of employment levels.
- 5) The CCIDA or CEDA representative conducting the site visit, in conjunction with the CCIDA Assistant Treasurer, will prepare a report describing each company, its Project Goals, and the progress in achieving the Project Goals.
- 6) The Board of Directors will review the site visit reports and data relevant to Project Goals and compare them to the original agreed upon Project Goals. This will be done at regular meetings throughout the year as site visits are conducted and reports completed.
- 7) If a company has failed to achieve the proposed Project Goals, the CCIDA or CEDA representative that conducted the visit, in conjunction with the CCIDA Executive Director or Acting Treasurer if necessary, will be responsible for finding the reasons for the shortfall and presenting them to the Board. The Board will then determine whether to:
 - Work with the company in an effort to achieve the Project Goals
 - Give the company more time to achieve the Project Goals
 - Pursue recapture penalties
